Narratives

Disaster Damage:

Over the past two years, Texas has experienced major disaster events — including numerous floods, tornadoes, and wildfires — that have produced six disaster declarations spread over 160 of the state’s 254 counties. The Texas counties impacted represent 76 percent of the Texas population, or 20.9 million people — a population greater than that of 48 states. In particular, the recent 2016 events were devastating, killing 29 Texans and causing significantly more public and private property damage due to the compounding effects of the 2015 floods.

The Texas General Land Office estimates a combined loss of over \$2 billion in unmet long-term recovery need, given the impact of the multiple disasters suffered by Texas in both 2015 and 4 | Page 2016. Impacts tied to business interruption, economic losses, unemployment, property tax revenue decreases, agricultural losses, and other measures that are difficult to quantify, are not considered when allocations are made. The 2016 flooding and devastation spanning from March to June resulted in three qualifying events for appropriation under Public Laws 114-223 and 114-254

On April 17, 2016 (DR-4269) Texas was hit with a sixth catastrophic rain event over a 12-month period, initiating a rare flash flood “emergency warning” by the National Weather Service’s Houston/Galveston Weather Forecast Office. The rare warning criteria was on target, given the consequences to a highly vulnerable population. The severe flooding greatly affected first responders’ abilities to assist residents and, in some instances, even required the rescue of first responders themselves.

Parts of Southeast Texas received 10

inches or more of rain during a 24-hour period, with the heaviest rainfall occurring north and west of Houston.³ The

devastating floods covered the seven counties. The president approved the governor’s Major Disaster Declaration on April 25, 2016, with Amendment #1

issued on May 2, 2016, and Amendment #2 on May 9, 2016.

Recovery Needs:

The state will be focusing on the variety of data that help provide a comprehensive understanding of the unmet need across Texas in the housing and non-housing sectors. Given the extent of counties impacted by the disasters, a part of the unmet need calculations was determined using data provided by the Texas Division of Emergency Management (TDEM) for all applicants. These data come from the Emergency Management Mission Integrated Environment (EMMIE) database. The total projected cost for damages tied to the 2016 disasters is \$201,341,450. This results in the state’s unmet need from public assistance totaling \$57,885,667 with a resiliency multiplier of 15 percent.

The data for housing unmet needs comes from the Federal Emergency Management Agency (FEMA) and the National Emergency Management Information System (NEMIS) database. For the three disaster declarations in 2016, the total FEMA Verified Loss (FVL) is \$186,361,160. The state’s unmet need relating to FEMA Individual Assistance (IA) is \$88,131,592 with a resiliency multiplier of 15 percent. The figure for unmet need was calculated by FEMA as being FVL minus all assistance provided through the National Flood Insurance Program (NFIP), FEMA housing assistance, and Small Business Administration (SBA) assistance, as well as other assistance that could be accounted for.

The unmet need, as identified by the SBA using the total verified loss of households and businesses, is \$309,254,300 for housing and \$104,720,409 for businesses. These figures also take into consideration a resiliency multiplier of 15 percent totaling \$40,337,517 for housing data and \$13,659,184 for business data. FEMA and SBA data alone yield an unmet need for the state of Texas totaling \$559,991,968.

The program is also intended to reduce the impact of future disasters by creation of open space and detention areas to help absorb water and mitigate street and residential flooding in the future. The acquisition of 5312 Clarewood Drive is dually funded with the 2016 Floods Buyout Program and the Harvey Buyout Program, with the beneficiaries of this project attributed to this activity.
