

# Demographic Information on Homeowner Assistance Program (HAP) Approved Applicants

Data as of April 11, 2025

The Texas General Land Office’s (GLO) Homeowner Assistance Program (HAP) has successfully reached the hardest hit, low and moderate-income, vulnerable, and historically hard-to-reach families, and individuals as defined by the Fair Housing Act and required by the U.S. Department of Housing and Urban Development (HUD). The charts below represent self-reported income, demographic, and household data. Applicants are not required to identify race, gender, or age. A family is considered low income if their annual income is less than 80% of the area median family income (AMFI) of their county as designated by HUD. Sections in green represent low- to moderate-income families. You can find more information on LMI limits at <https://www.huduser.gov/portal/datasets/il.html>.
