**Subject:** Re: Question about website

Hi Chibike,

We're just looking for file storage essentially on the GLO site - like what we've done in the past with other PDFs used in social. So something like: [glo.texas.gov/aab-photo-contest-rules.pdf](http://glo.texas.gov/aab-photo-contest-rules.pdf)

When people click the link, it just downloads or opens in a browser page. But not a published link on the website.

Thanks,  
Lance

**Subject:** RE: Question about website

Hi Adrian,

Am sorry I missed this.

The request is not clear. If we post an unpublished page, no one will be able to get to it except we publish it.

Kind Regards,

**Chibike Nnorom**

Thanks for the response Chibike. Would it be possible to post an unpublished page that we could link to? Something like [glo.texas.gov/coastal/adopt-a-beach/photocontest.pdf](http://glo.texas.gov/coastal/adopt-a-beach/photocontest.pdf)?

Hi Adrian,

Thanks for reaching out. The drupal is pretty much template based site. Am sorry we wont be able to add that without development code-level work on the theme and template which will take sometime.

Kind Regards,

**Chibike Nnorom**

**Subject:** Question about website

Hi Chibike,

We will be running a photo contest soon on our social media outlets and we need to post a PDF of the Rules for the contest on the AAB website somewhere so the social media sites and share a link to the Photo Contest Rules.

Can we put a link on the AAB home page in this red circle area at the bottom of the main landing page?:
