Texas GLO Hurricane Harvey Recovery Funds:

Commissioner George P. Bush and the Texas General Land Office was appointed by Governor Greg Abbott to lead the historic Hurricane Harvey housing recovery efforts funded by \$5.676 billion in Community Development Block Grant Disaster Recovery (CDBG-DR) funds from the U.S. Department of Housing and Urban Development.

The GLO allocated \$413 million of the allocation for infrastructure projects to protect communities affected by the storm. The GLO allocated the funds to regional Council of Governments' (COGs) based on a HUD approved needs assessment. The locally-led COGs then conducted methods of distribution (MODs) for determining infrastructure and buyout and acquisition amounts for cities and counties within each jurisdiction. COG boards are comprised of officials from the impacted communities elected in part

to prioritize funds allocated for recovery programs. The MOD process requires public engagement and the GLO reviewed each MOD for compliance with federal rules and requirements before approving each plan.
